

STEM CELL LUNCH SEMINAR 2018

- What: Stem Cell Lunch-meeting
- When: 2nd Tuesday of each month at 12.15-13.00
- Happy Hour: 13.00-14.00 - to favor discussions and strengthen the network
Sandwiches are generously provided by the DCR (13.00-14.00)
- Where: Murtenstrasse 35, Room H810 (top floor)
- Presenters: PhD, Postdocs and group leaders of SCRM platform + partners groups
- Attendees: Open for all SCRM platform members and interested guests
- Format: 35-40 minutes presentation (overview of the field + results and methods)
15-10 minutes of discussion on roadblocks, issues, help-requests
- Responsibles:
Amiq Gazdhar: amiq.gazdhar@dbmr.unibe.ch
Marta Roccio: marta.roccio@dbmr.unibe.ch

Program 2018

January 16	Insel, University Hospital, Clinic for Urology Department of BioMedical Research Group: Kruithof-de Julio	Presenter: Dr Marianna Kruithof-de Julio Title: Organoids in the translational research of prostate and bladder cancer
February 13	Department of Pharmacology, University of Bern Group: Prof.Hans Uwe Simon	Presenter: Dr He Liu Title: Differentiation of human dermal stem cells to neurons by altering stem cell metabolism
March 13	Department of Audiology, Department of Clinical Research, Inner Ear Research Laboratory, University Hospital Bern Group: PD Marta Roccio	Presenter: PD.Dr. Marta Roccio Title: Generation of otic sensory neurons from mouse embryonic stem cells in 3D culture
April 10	Department of Ophthalmology University Hospital Bern SCRM Platform	Presenter: Prof Volker Enzmann Title: Introduction to PhD specialization course in Stem cells and regenerative medicine
May 8	Department of Pulmonary Medicine University Hospital Bern Group: Prof Thomas Geiser	Presenter: Kleantis Fyteanos Stem cells and lung repair
June 12	Department of BioMedical Research, Molecular Dermatology Group: Prof Eliane J Müller	Presenter: William Hariton, PhD Repair in the hair follicle stem cell niche
July 10	Department of BioMedical Research, Molecular Dermatology SCRM Platform	Presenter: Prof Eliane J Müller Curtain raiser: Swiss wide cell therapy platform (TCBM); future and promises of stem cell and regenerative medicine in Switzerland
August 14	Department of Hematology University Hospital Bern Group: Prof Anne Angelillo-Scherrer	Presenter: Nicola Adina Title: TBA
September 11	Department of BioMedical Research, Molecular Dermatology Group: Prof Eliane Müller	Presenter: Beyza S Sayar, PhD Premature aging and potential treatments
October 9	Department of Thoracic Surgery University Hospital Bern Group: Ren Wang Peng	Presenter: Duo Xu Title:TBA
November 13	Department of Thoracic Surgery University Hospital Bern Group: Thomas Marti	Presenter: Yanyun Gao Title: TBA
December 11	Institute of Surgical technologies and biomechanics University of Bern Group: B. Gantenbein	Presenter: Xingshuo Zhang Tissue-specific Progenitor Cells in the Intervertebral disc
