Platform for Stem Cell Research and Regenerative Medicine
University of Bern

Haus der Universität, Schlösslistrasse 5, Bern

Presentation guidelines for speakers

- Introduction and summary : ≤ 5 minutes/field of research (currently 11 fields)
 - ➔ presented by the designated speaker indicated on the program
 - Introduction: relevant information to the field
 - Closing slide: stem cell types and techniques used by the field of interest
- Ongoing research and relevant results: ≤ 5 minutes/group
 - ➔ by PI's, 1-2 slides
- Please refer to the program for the time slot allocated to each field of research
- Please bring your presentation on a memory stick to be uploaded to the Computer

Poster presentations

The aim of the poster presentation is to encourage exchange. Around two hours are reserved to poster presentations/discussions and will take place over lunch.

Poster size (width x height) : 85 x 120 cm

Please summarize your techniques at the end of the poster

For maximal exposure, posters are installed between 8h00-9h00 and removed at the end of the kick-off day. Pins are provided.
